<b>Policies this Procedure relates to</b>	Policy for Access, Transfer and Progression

### 1.2.1 PROCEDURE

Every programme at the College will have clear entry requirements set out and approved at validation. Entry requirements will describe the:

- Minimum prerequisite learning (knowledge, skill and competence) required to access the programme.
- Prerequisite learning for access (or transfer) to higher stages of the programme.
- The minimum English language competence required for participation in the programme.
- The minimum Mathematics, or other specific competence (where relevant), required for participating in the programme.
- Any special requirements as noted in the approved programme document (e.g. a precursor award in a particular discipline for admittance to a programme at a higher level in the NFQ).
- Any programme-specific Recognition of Prior Learning (RPL)/ Recognition of Prior Experiential Learning (RPEL) criteria arrangements for entry, exemptions from modules, advanced entry and direct access to the award.

### 1.2.2 *Recruitment of Learners*

#### 1.2.2.1 *Marketing of Programmes*

Before each intake, a marketing campaign is planned in order to generate awareness and to attract learners to study at the College. A typical marketing campaign consists of the following:

- Digital and offline advertising activity throughout the year with campaigns executed leading up to the commencement of an academic intake.
- Attendance at regional exhibitions.
- Open days organised prior to the commencement of an academic intake and focused on a group of programmes or learners.

The Marketing Manager, in consultation with the Head of Faculty, is responsible for the generation of promotional material which supports the provision of information through the website and other media, while also supporting the College's presence at exhibitions and fairs. All promotional material is subject to the College policy on Public Information and approved by the Director of Academic Affairs and Registrar.

The College reserves the right to cancel a programme of study where there are insufficient numbers to run a viable programme. In such circumstances, applicants will be notified that the programme is not to run, and the College will organise a refund of any payments made to the College according to

the College Refund Policy. All offer letters will clearly state that the programme will run dependent on numbers.

The College is committed to ensuring that all applicants who have paid a deposit will have that deposit refunded in full as soon as it is known that the programme will not run.

#### *1.2.2.2 Full-time Learners*

The target learners for a new programme will inform the College's decision on the preferred modality for learner recruitment. For example, in the case of full-time undergraduate programmes that lead to major awards where the target learners are in the main mature learners, application will be made directly to the College. By contrast, in the case such programmes where the target learners are in the main school leavers, the College may decide to have applicants apply through the CAO system.

For CAO applicants, entry will be based on leaving certificate point scores, or equivalent, with offer and acceptance processing being managed by the CAO.

Mature applicants (those at the age of 23 or higher on January 1st of the year of the course of entry) are required to complete the College application form, attach copies of all relevant secondary or third level qualification certificates and transcripts and/or training certificates and submit these along with a summary of previous work experience. It is not necessary for mature students to satisfy minimum academic requirements. Such applicants will be interviewed by admissions staff and the Programme Lead to determine their suitability for the chosen programme, their motivation for the subject discipline and for the chosen mode of study, and to assess their potential to succeed.

#### *1.2.2.3 Part-time Learners*

Part-time learner applicants are required to complete the College application form, attach copies of all relevant secondary or third level qualification certificates and transcripts and/or training certificates and submit along with a summary of previous work experience. Such applicants will be interviewed by admissions staff and the Programme Lead to determine their suitability for the chosen programme, their motivation for the subject discipline and for the chosen mode of study, and to assess their potential to succeed.

The Director of Academic Affairs and Registrar's Office is responsible for ensuring each application is rigorously evaluated and a decision is made and sent to the applicant. All admissions are subject to the approval of the Director of Academic Affairs and Registrar.

#### *1.2.2.4 Applications from Persons with Disabilities*

Aligned to the admissions policy of fair, equal and consistent treatment of all applicants, the College is committed to a policy of reasonable accommodation to meet individual needs and enable full access and participation for all learners with specific needs. The College may refer to the Association for Higher Education Access and Disability for advice if required. All applicants with a disability or other specific needs should declare those requirements at the application stage, as this is to ensure that the College can evaluate any additional supports required and if reasonable accommodation can be made. Once accepted and registered on a programme the learner can access the disability support or reasonable accommodations via Student Affairs.

### **1.2.3 Applications for Admission with Advanced Standing (Transfer)**

Applicants transferring from cognate programmes may be considered under these arrangements for access, transfer and progression, in straightforward cases. Depending on the degree of complexity of the application, it may be preferable to treat such applications under the associated RPL policy.

There are two categories of access with advanced standing:

1. Direct entry where a learner is exempt from one or more complete stages.
2. Module exemption where a learner is considered for exemption from a module or modules comprising part of a stage.

Credit will not be awarded for exempted modules or stages in order to avoid granting double credits for the same learning; such modules will be denoted 'exempt' on the learner's transcript and European Diploma Supplement.

Individual module exemptions are only considered for learners on part-time undergraduate programmes. Exemptions are agreed when an admission is being evaluated prior to registration. Exemptions are not considered at the Award Stage or for programmes of less than 60 ECTS such as Minor or Special Purpose Awards.

Transfer from one programme to another (other than progression programmes) in the College will be judged on a case-by-case basis, taking into account required knowledge, skill and competence required for successful participation in the new programme.

#### **1.2.4 Progression**

Progression to another programme of education and training is generally on the basis of successful completion of a stage or an award, as determined by the receiving programme or institution. The College will facilitate any progression applications to other institutions through the provision of transcripts and references as may be required. Progression following graduation to higher level awards in the College, elsewhere in Ireland or abroad will be further facilitated by providing the graduate with the European Diploma Supplement. This will be catered for within the Student Information System.

#### **1.2.5 Appeal**

An applicant is entitled to seek a review of an admissions decision, if they are not satisfied.

An applicant may only seek this review on the following grounds:

1. Incorrect process. Specific evidence of irregularity in the College's application assessment process must be provided.
2. Specified/stated grounds where the College's decision was based on misinterpretation of data or information provided as part of the application process.

False or vexatious appeals will not be considered.

Requests for a review must be made in writing to the Director of Academic Affairs and Registrar's Office within 10 days of the decision being communicated. The request must be accompanied by all relevant and supporting documentation and a fee of €50, to be refunded only if the review is successful.

The grounds for review will be considered by the Director of Academic Affairs and Registrar and evaluated by another senior staff member, who was not involved in the original decision. The outcome of the review will be communicated in writing to the applicant normally within 10 days of receipt.

If the applicant remains dissatisfied, they may seek to appeal through the College's formal Appeals Procedure i The fee for such an appeal is €100, refundable only if the appeal is successful.

#### **1.2.6 *Learner Registration***

Once an applicant has formally accepted an offer and paid the required fee or deposit the applicant is provided with details of the programme on which they will be enrolled, registration process, induction, timetables and any other information. The applicants are formally registered with the College and enrolled on a programme and associated modules in the Student Information System.

#### **1.2.7 *Learner Induction***

Each registered learner undergoes an induction programme which includes an introduction to the learner , Moodle access, learner supports, the role of the class representative, library, career services and facilities. (Ref: Supporting Document 6)

#### **1.2.8 *Deferring Admission***

An applicant in receipt of an offer who does not wish to take up their place may apply for a Deferral of Admission and this must be received by the registration date given for that intake. Deferrals are not indefinite, and an offer will expire within one year or by the revalidation date of the programme, whichever is the shorter. Deferred applicants must be made aware that admission is subject to the availability of the programme and capacity.
